NOTENUTO - L'azienda è stata premiata per la prima volta per la sua performance nel 2019 e per la sua cultura di innovazione e sviluppo.

It is important to note that this step does not provide setting for the next step. The planning and implementation procedures are separate stages. The planning stage is not a one-time activity. It is a continuous process that evolves as the project progresses. The implementation stage is a one-time activity that occurs after the planning stage is complete.
